

SAP LABS TRAINING RNSIT

SAP LABS Volunteers conducted a soft skill training session with 5th semesters science and engineering students of RNSIT.

The activities were targeted at learning the importance of concentration, observational skills in stressful situations, teamwork, leadership and effective communication. Individual mock interviews were also conducted to provide constructive feedback for building confidence and how to be better prepared for real time interviews.

We Thank Prof Satish ; SAP LABS Team members (Vignesh, Darshani, Rowllah, Swapnil, Prakash) for their valuable lessons.
